BACKGROUND TO B&HPSC

The B&HPSC was established in 1997 as an affiliated branch of the National PSC, which was founded in 1982. PSC and its branches are not associated with any political or religious organisation.

THE AIMS OF B&HPSC, AS STATED IN ITS CONSTITUTION, ARE:

- To assert the rights of the Palestinian people, including their rights to self-determination, an independent state and to the return of the refugees, and to support the struggle to achieve these rights.
- To educate and inform B&HPSC's members, and others, about the situation of the Palestinian people.
- To organise activities to further the above two aims, including meetings, media contacts, publications, demonstrations, letter writing, focusing especially on the Brighton and Hove area, but more widely also.
- To affiliate to and support the activities of the national PSC.
- To link with, and support, Student Union Palestine Societies at the Universities of Sussex and Brighton (when these exist), especially to help secure continuity as generations of students leave; and to arrange joint membership and subscriptions between them and B&HPSC, as deemed appropriate by both sides.

REGULAR ACTIVITIES – AND OCCASIONAL ONES

A weekly 'Boycott Israeli Goods' picket; a weekly street vigil; monthly members' or public meetings; a monthly pub social; letter-writing; fundraising (e.g., for the Palestinian charity, MAP).
